# Celebrating the Past 1907–2007

As part of its Centennial Celebrations, CPhA had its national conference in Ottawa in June and recognized 100 pharmacists who have made significant contributions to leading and building CPhA and the profession of pharmacy in Canada over the past 100 years.

The CPhA Centennial Pharmacists Award recognizes contributions to pharmacy and Canada as a consequence of leadership and the positive profile our colleagues have brought to the profession.

Congratulations and thank you to our 100 award winners and to the thousands of other pharmacists across the country who have helped to build our pharmacy organizations and make our profession what it is today.
